## ONLY YOU CAN PREVENT FOREST FIRES

New Hampshire faces a real forest fire problem and challenge! To meet it successfully, New Hampshire and your community needs YOUR thoughtful and cooperative effort.

Continuously heavy lumbering operations following the hurricane has produced more than 4 billion board feet of lumber. This lumber helped win World War II, meet post war needs and now the current requirements for the Korean military action. But it has added nearly 900,000 acres of slash to our already sizeable slash problem.

When YOU fail to use needed precautions while burning in or near woodlands —

When YOU fail to secure the required permit from your local forest fire warden before burning —

When YOU are careless in smoking near woodlands —

When YOU throw lighted cigars, cigarettes and matches from vehicles moving along the highway —

YOU are violating fundamental common sense and may easily contribute to a substantial and costly fire. Such conflagrations are possible because of the hundreds of thousands of slash acres throughout the state!

REMEMBER — the fire YOU prevent might be one which could conceivably burn YOUR property and harm YOUR community!

ONLY YOU and YOU and YOU can prevent forest fires!! Will YOU help?

## REPORT OF THE BOW VOLUNTEER FIRE DEPARTMENT

---

### In Case of Fire — Call 2709

---

During the year 1951, your Volunteer Fire Department answered 19 alarms. These consisted of 3 house, 1 chicken house, 3 range oil burners, 3 truck and 2 car fires, 3 grass fires, 1 out-of-town forest fire on mutual aid and 1 unnecessary call.

The gross loss by fire in Bow was nearly double that of 1950, being \$5,805.40. The insurance paid on these fires was \$5,620.40, leaving a net loss of \$185.00. The valuation of the buildings and vehicles involved was some \$20,000.00. Our per capita loss being approximately 18½ cents.

Our tank truck with a crew of men, under Deputy Chief Howard C. Day and Captain William Colby, were called to the Pembroke-Epsom forest fire, Saturday afternoon, May 5th, where they worked until late in the evening.

The tank truck is completed with the exception of a little more painting. It is proving its worth more and more each year.

Our scrap drive for paper, rags, old metal and bottles still continues and this past year we made \$490.00. Of this amount \$464.00 was placed in our Building Fund, which now amounts to \$1,135.00; \$38.00 was invested in equipment for our kitchen department.

In June we added an amendment to our constitution to admit as regular members to the Fire Department, any members of the Ladies' Auxiliary, who take an active part in such work as the Fire Department telephone and Fire Lunch program. This was done so that they would be covered by the same insurance as the men members.

Our membership list now counts 62 men and 5 women members.

To all those men and women, who by their continued help and work make the Fire Department the organization that it is, I extend my sincere thanks.

HAROLD W. HOWE, Chief.

## REPORT OF "LADIES' AUXILIARY" TO THE BOW VOLUNTEER FIRE DEPARTMENT

---

On the third Wednesday evening of each month the "Ladies' Auxiliary" to the Bow Volunteer Fire Department meets for both a business meeting and a social time. This year we are meeting at the members' homes with an assistant hostess. We have an average attendance of twelve out of a membership of thirty-one.

Our main activities consist of serving food and hot coffee to the firemen and raising money for our building fund. This past year we have had to feed them only twice. Funds have been raised by serving suppers to the New Hampshire Fire Chiefs' Club and to the New Hampshire Farm and Home Safety Council; by selling vanilla, and by chances on a braided rug. We now have \$707.60 in our building fund. We supported the Cancer Drive and have sent flowers and cards to our members.

At every meeting we have a period of games, contests, or just "talk-fest." In September the Weare Fire Department Auxiliary invited us to their meeting. We had a most enjoyable friendly time.

To both old and new residents of Bow we extend a hearty and cordial invitation to join with us in social fun, and in an opportunity to help the fire department, and — incidentally, the community.

Respectfully submitted,

MARY T. ALLQUIST, Pres.

BARBARA K. HOWE, Sec.-Treas.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the Citizens of Bow :

I hereby submit my annual report as Superintendent of Schools.

### Enrollment

Our current school year opened with a total enrollment approximating the same figure of the prior year. We found, however, a problem in the distribution of grades. With six teachers to cover eight grades, it is obvious that certain combinations are necessary. Unfortunately our individual grade totals were such that to combine consecutive grades meant (in one case) a larger group than we ordinarily wish to operate. However, it seemed advisable to maintain this larger group rather than to divide it and cause a third combination grade.

Our pre-school census figures indicate but little change in our total enrollment during the next few years, but they do indicate difficulty in the grouping of grades, and this problem will undoubtedly continue until such time as our enrollment is of sufficient size to demand one grade per room.

### Teaching Staff

For the second consecutive year we have had no change in our teaching staff. As stated to you in my report of last year, we are very fortunate in these days of an insufficient number of qualified elementary teachers to be able to retain a veteran staff. It is estimated that the elementary schools of our state will need over 100 additional teachers next fall in order to meet the increasing school population. Our state teacher training institutions expect to graduate some 100 teachers, but when we con-

sider that we normally lose between 150 and 200 teachers through retirement, marriage, and positions in other states, we can see that we are definitely faced with a serious problem in finding sufficient teachers for our classrooms.

### **School Lunch Program**

Our school lunch program continued to maintain the high level of the prior year. We served some 21,000 pupil meals, an average of 125 meals per day. If we consider the average daily attendance, we find that over 78% of our pupils participated regularly in the program throughout the year.

The reports of the State School Lunch Supervisor continue to praise the work of our lunch room staff, and much credit should be given to Mrs. Beatrice Smith, Mrs. Rose Drescher, and Mrs. Ruth Drescher for their excellent service to the program.

### **1952-53 Budget**

The proposed budget of the School Board is contained elsewhere in this report. It will be noted that the total budget is approximately equal to the budget of last March. Although the Union School District of Concord has raised its secondary tuition rate from \$275 to \$290 per pupil, the anticipated expenditure for tuition has not increased due to a slight decrease in the number of tuition pupils for 1952-53 as compared with the expected figure of last year.

Included in the warrant the reader will note two special articles. Article No. 9 asks for authority from the district to empower the school board, during the coming school year, to negotiate transportation contracts for a period of time not to exceed three years. It is the thought of the School Board that it may be for the best interest of the district if transportation contracts were made for a period longer than one year. Potential bidders will normally submit a lower bid on a 3-year basis than for a term of one year.

The second special article is concerned with the problem of paving certain areas around the school building. At the present time the tracking of mud and grit into the building is causing undue wear on our floors and it is difficult and expensive to properly maintain them. To have certain areas paved would not only reduce our maintenance costs, but it would further provide for needed parking area for school buses, trucks and other vehicles.

In closing may I express my appreciation to the members of the school board, the teaching staff, and to all other groups and individuals who have contributed to the school program.

Respectfully submitted,

LEWIS F. FOOTE,  
Supt. of Schools.

Board of Selectmen

Gentlemen:

Submitted herewith is the report of an audit and examination of the accounts of the Town of Bow for the fiscal year ended December 31, 1951, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

**Analysis of Change in Financial Condition: (Exhibit A-2)**

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

**Decreases in Surplus**

Net budget Deficit	\$1,803.55	
Increase in Accounts Payable	15.33	
Decrease in Accounts Receivable	109.36	
Decrease in Cash in Hands of Officials	23.88	
	<hr/>	\$1,952.12

**Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues: (Exhibits A-3 and A-4)**

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1951, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net overdraft of appropriations of \$2,357.30, less a net revenue surplus of \$553.75, resulted in a net budget deficit of \$1,803.55.

**Summary of Receipts and Expenditures: (Exhibit B-1)**

A summary of receipts and expenditures for the fiscal year ended December 31, 1951, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance, as of December 31, 1951, is indicated in Exhibit B-2.

## **AUDIT PROCEDURE**

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records.

## **GENERAL COMMENTS**

### **Town Charges:**

In our report of last year's audit it was recommended that the current practice of making one lump sum appropriation for "town charges" (covering twelve different accounts) be discontinued. We also recommended that a separate appropriation be made for each expenditure classification account and that the town budget be made out in this manner.

It is noted that these recommendations were followed in 1951, as reflected in the budget statement—Exhibit A-3.

### **Transfer Fee on Motor Vehicle Permits:**

A fifty cent transfer fee should be charged by the Town Clerk each time a motor vehicle transfer permit is issued, in addition to the regular cost of the permit. This is in accordance with the provisions of Section 18, Chapter 116 of the Revised Laws of New Hampshire.

### **Conclusion:**

The accounts of all officials of the Town which we examined were found in good condition and the accounting

procedure conformed to the uniform system prescribed by this Division.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report.

We extend our thanks to the officials of the Town of Bow for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director,  
Division of Municipal Accounting  
State Tax Commission.
